## Letter confirms repaving proposal

A letter to Anson, Hindon and Minden Township Reeve Lloyd Walker has confirmed that the Ministry of Transportation and Communications is considering offering help in the reconstruction of a number of Minden streets. The letter was read at the December 9 meeting of the council.

The letter laid out the terms of an agreement reached between a delegation from the municipality and the minister James Snow. The group met with the minister early in November to discuss this issue. As reported in the November 11 edition of The Times, the minister agreed at that time to take a close look at the request.

Snow suggested that a preliminary study be carried

out to determine the costs of the repaving program and to devise a time schedule for the work. It was suggested by the MTC official that the work could be done over a number of years.

The letter read at the December 9 meeting suggested that a "rough estimate" for the work would be \$950,000.

The preliminary study has been completed, but details of its contents have not been made public.

Snow mentioned in his letter that the redevelopment of the Minden streets could be carried out under the Development Road program of the provincial government which means the work would be eligible for a 90% subsidy.

Roads being considered for the upgrading are Main Street

from Highway 35 south entrance to the Library-Cultural centre, South Water Street, Lyon Street and Newcastle Street.

The Minden council has been attempting for a number of years to obtain provincial assistance in repairing the

uneven pavement in the community. At least several politicians have contended that the problems are a result of the sewer and water service installations which were supervised by another branch of the provincial government, the Ministry of the Environment.

A young Mary and Joseph, Jarrett Gentle and Elishya MacKeigan, were two of the many youngsters taking part in the St. Paul's Anglican Christmas pageant, The Jesse Tree. The pageant was presented Sunday before an appreciative audience of parents and relatives.

## Cottagers protest causeway plans

An effort will be made to get one property owner on Bob Lake and members of three cottage associations together so the individual can explain his plans for a causeway or bridge to the island in the south end of the lake.

That was the consensus of opinion following an Anson, Hindon and Minden Township council meeting December 9 which saw the association representative threaten to "run candidates in the next municipal election" and bring busloads of cottage electors to the municipality on election day, if the council did not back their stand.

The group is opposed to a causeway linking the mainland with the island.

The spokesman, Bruce McRae, told the council all three groups "strongly and forcefully object to the construction of the causeway." He said the construction would disturb the ecology of the lake. He also expressed concern about the establishment of septic systems on the island and the potential for harm to the lake's ecology. McRae pointed out that the lake was one of the cleanest in the area and the associations were concerned about protecting that purity.

Noting that the proposed causeway would be constructed on a municipal right-of-way, McRae added, "I trust the council will stop him from building the causeway. We are willing to hire a lawyer to protect our interests." The spokesman said he was

concerned that the council would come under pressure to have the causeway approved and wanted to ensure the politicians were aware of his groups' concerns.

McRae agreed that, "if worse comes to the worst, the cottagers might be willing to accept the construction of a bridge," large enough to accommodate boats to pass. Then to qualify his comment further, he added "maybe".

The council has yet to receive a formal application from the individual, L. Alvarez, but informal enquiries have apparently been made about the possibility. No objection to the causeway has been raised by the Ministry of Natural Resources.

Councillor Lyle McKnight suggested that Alvarez should meet with the cottagers to explain his plan and attempt to convince them that it is acceptable. McKnight also suggested that the council should not "run scared" before threats from cottagers to oust the present council if they don't support their point of view.

There are four lots on the island which could be developed if the causeway or some link to the mainland is permitted.

The council agreed that before it could give further consideration to any proposal that Alvarez should present a detailed plan to the township and that an effort be made to get him to meet with the cottagers to explain what is planned.

## Objection raised to council's stand

A strong objection to the endorsement of nuclear power use in Ontario by the Anson, Hindon and Minden Township council has been raised by a spokesman for the Haliburton County Anti-Pollution Committee, Sonya Holliday-Rhodes.

Speaking at the December 9 meeting of the council, Holliday-Rhodes claimed the endorsement offered in November by the council could be considered by those in the nuclear industry as an invitation to use a site in the municipality for disposing of nuclear waste.

The resolution was endorsed at the November 25

meeting of the council. The local council backed a resolution being circulated throughout the province by the Township of Greenock calling for the expanded use of nuclear energy for electricity generation. The council endorsed the resolution on a split vote with Councillors Ed Pergolas and Lyle McKnight voting against it.

Holliday-Rhodes told the council it was improper to support an industry which produces a toxic waste. She pointed out that there was no known safe method of disposing of the plutonium which the nuclear reactors

create.

The spokesman also suggested that nuclear power was not the key to inexpensive electricity. She pointed out that while power generation costs may be small relative to oil or coal fired generators, the high cost of developing reactor technology and disposing of the waste greatly reduced the cost-efficiency of the generation method.

Holliday-Rhodes said that the association did not want Ontario Hydro to expand its nuclear plants to produce power for export without a parallel agreement which would see the wastes shipped out of the country as well.

"This council could be aiding and abetting the nuclear arms industry," the spokesman warned. Noting that more countries than ever before now have nuclear weapons, she suggested that expanding the nuclear facilities, even for peaceful purposes, will make the necessary fuel for nuclear arms more readily available.

She suggested that some of the material may one day fall into the hands of terrorists.

Stressing the health aspects of the nuclear industry, the uncertain safety of existing reactors and the problem of disposing of the reactors' waste material, Holliday-Rhodes suggested the council

should have studied material related to the industry before endorsing such a resolution.

The spokesman also said that a material known as raffinate, which contains radium, is being taken by truck to the Madawaska Mines near Bancroft for processing. "We people north of Peterborough should say 'no' to radioactive waste, whether for processing of storage, now, whilst we are on the first rung of the ladder, and therefore 'no' to all stages of nuclear production," she stated.

There was no comment from the council following the reading of the three page brief prepared by the association.

Lutterworth Reeve Ron Gambell was chosen Warden of Haliburton County Tuesday evening. Gambell, seen receiving his chain of office from county clerk Win Lahay, will hold the post during 1982. He was the only one nominated to fill the post.

## Council wants county status

Anson, Hindon and Minden Township council wants to be kept informed on details surrounding the change in status for the Provisional County of Haliburton. The concern was expressed at the December 9

meeting of the council.

The county council is currently studying the possibility of changing its status to eliminate the 'provisional' aspect of its title.

Councillor Ed Pergolas said he wanted full county status for the area and wished the Anson, Hindon and Minden representatives Reeve Lloyd Walker and Deputy Reeve Douglas Pritchard, would reflect these sentiments. Reeve Walker told the meeting that the 1981 warden, Murray Fearrey, was examining the implications of the change in status and the matter would probably be discussed at the first meeting of the new year.

Walker said the warden was studying the impact the change could have on grants for the county.

The county council is also pondering the options in changing the method of representation and voting

weights at the county level. Pergolas said he was not concerned with these questions but merely wanted to see the provisional aspect of the county status dropped as soon as possible.

Reeve Walker said he would attempt to report back to the council prior to any decision being taken by the county council on its status.

## Dump deplorable

The condition of the Ingoldsby garbage dump is "deplorable" according to the president of the Old Allsaw Road Cottagers Association, C.H. Pelvin.

The comment was contained in a letter read at the December 9 meeting of the Anson, Hindon and Minden Township council.

Pelvin's letter noted that garbage was strewn about the dump and the facility stunk. He suggested that fill be placed over the refuse on a more regular basis and that a greater effort be made to manage the facility.

As well, Pelvin requested the council consider the erection of two "hidden entrance" signs on either side of the Old Allsaw Road intersection with Highway 35. His letter said the entrance was dangerous and should be marked to warn drivers on the highway.

Council agreed with the second request and will apply to the Ministry of Transportation and Communications to have the signs installed.

## Charges follow damage spree

Criminal charges have been laid against two young people from the eastern end of the county following a series of incidents in the Gooderham area Friday night.

According to reports filed by police, residents of Gooderham complained Friday evening that a vehicle was being driven in a reckless manner through the streets of that community. On Saturday morning the police were informed that Christmas trees erected in front of the community centre and municipal offices had been ripped down and the electrical lights stripped from the branches. As well, a number of signs along Highway 503 and 507 were knocked down and run over.

Charges of impaired driving, mischief and wilful damage have been laid against Douglas Haywood, 19 of Gooderham, while Alvis Lawrence Hogan, 16, of Harcourt has been charged with mischief and wilful damage.

Constable Bryan Bowers is the investigating officer.

### Vandalism

A 17 year old Carnarvon area youth has been charged

with wilful damage and consuming liquor under age following an incident in Haliburton Village early Saturday morning.

Police were called to a house on Highland Street where windows were being broken and other damage occurring.

Charged is 17 year old Dan Ray Griffin.

Constable Jim Martin was the investigating officer.

### Break-in charge

Police have charged an Oak Ridges youth with break and enter following an incident Saturday evening at Camp Tall Pines on Twelve Mile Lake. According to the police, the unidentified youth broke into the camp, which is part of the Browndale property. The youth, who was believed to be suffering from a drug overdose, was taken to Minden Red Cross Hospital for treatment.

The investigating officer is Constable Brian Ladurantaye

# Ann Barker named Stanhope citizen of the year

A pile of freshly purchased vegetables lies heaped on the counter as Ann Barker talked about her years in Stanhope Township. On the counter are two gaily decorated gingerbread houses. In the freezer are candy Santa Claus faces ready to be handed out to children at the Stanhope Firemen's Christmas party. The vegetables will be cleaned and washed later that evening in preparation for a wedding anniversary party scheduled for Saturday at the community centre in Stanhope.

The activity and projects in Ann Barker's kitchen provide ample evidence of her involvement in the community and why she was chosen Stanhope township's citizen of the year.

The honour was bestowed upon Ann December 5 at the Stanhope municipal Christmas party. Reeve Jim Harrison presented her with a plaque naming her citizen of the year.

"It came as a complete surprise," Ann said. "I had been wondering who would be chosen for the honour, but had no idea I would be chosen."

This is the third year the township council had honoured one of the community's citizens. The award is given to recognize significant volunteer contribution to the community and

a "spirit of neighbourliness".

Ann, her husband Don and daughter Leeanna have been residents of the community since 1974 when they moved to their home on Highway 35 from Willowdale. "We had decided to move out of the city and looked at a number of locations in Muskoka," Ann comments. They decided on Stanhope township however, because they felt the welcome was warmer.

"We have never regretted our move nor have been disappointed in our new home here," Ann commented. "The people have always given us a warm welcome," she notes. Ann recalls that it wasn't too long after they had moved into their home that neighbours started dropping by to welcome them.

But, according to Ann, the key is not waiting to be welcomed, but rather becoming a part of the community, which brings the greatest satisfaction. "The best way to become part of the community is to get involved with people through the church or community organizations." And that is exactly what Ann has done.

She has been a member of the Chamber of Commerce Board of Directors, serves on the Stanhope community centre's board, and has chaired the Stanhope Fun

Day activities for the past two years. As well she has organized dances at the community hall, risking her own funds to get the projects going then turning the proceeds over to community projects.

"I enjoy seeing people enjoying themselves," Ann comments. So, she is always willing to be the one to get things organized and running.

Ann also gives credit to many volunteers who have worked with her on the many projects in which she is involved. "The Stanhope Fun Day, for example, is an all-out

effort. There are many people who come out and give a hand that day. They all contribute to the success of the event."

Ann saves special praise for the youth in the township, including her own daughter Leeanna. "The teenagers have always been willing to help and their assistance is greatly appreciated." She notes however, that while she and other organizers can count on the help of the teenagers, there is a lack of things for them to do in the municipality.

She suggests that the community hall could be a focal point for a number of teen activities on a regular basis. She thinks a craft program which would draw on the talents and abilities of

the older members of the community might be one popular activity which could be initiated. However, she is open to suggestions and would particularly like to hear from the individuals who would be involved.

"This township went through some tough times a number of years ago," Ann comments, referring to the controversy surrounding the municipal fire brigade. "Those problems left some deep scars on the community. I like to think the activities which have taken place at the community centre, the fun day, the Christmas party and more, have helped to ease the hard feelings that were built up at that time."

Ann's spirit of community involvement is shared within her family. "Both my daughter and husband have been great helpers and supporters. When I need an extra hand or someone to help, I can always rely on both of them to be there."

The vegetables beckon from the counter and there's another gingerbread house waiting to be decorated. The drive and interest in her township which won for Ann the citizen of the year award is still there and probably always will be. "I like making other people happy," she says.

Ann Barker, citizen of the year in Stanhope Township.

## Lake base requested

General approval has been voiced by the Anson, Hindon and Minden Township council for the establishment of a float plane base on Mountain Lake. The matter was discussed at the December 9 meeting.

There was no formal application before the council, however, the

operator had requested the council's reaction prior to purchasing property on the lake and seeking a zoning change.

According to the information brought before the council, the operation would require a hangar and ticket office. The operator also enquired about the status of a

municipally owned lot on Jordan Drive, fronting on Mountain Lake. The council seemed generally opposed to selling the lot for commercial purposes.

Since the lot would have to be sold by tender, several councillors suggested there could be complications if the operator's tender was conditional on the rezoning being approved.

The council was told that the operator was aware of other lots on the lake that are for sale.

## Editorial

# A shared responsibility

While it may be somewhat far-fetched to believe the nuclear industry is going to start bringing waste material into this part of the province simply because the municipal council has endorsed a resolution calling for greater use of nuclear energy in Ontario, the problems created by our nuclear age are not far-fetched.

Sonya Holliday-Rhodes of the Haliburton County Anti-Pollution Committee, made some excellent points when she addressed the Anson, Hindon and Minden Township council on the matter last week. They are points that should be considered seriously by all members of society whether they live in Minden, Toronto or Douglas Point.

Certainly the question of what we do with the waste material should be uppermost in everyone's mind. Almost daily we hear of communities rising up in arms over attempts to establish a dumping area for nuclear waste (or other toxic materials) in their localities. That is an immediate concern.

But what about society's moral responsibility to the future generations? Can the community today allow expansion of the nuclear industry while we are still uncertain of how to dispose of this highly toxic, long living contaminant? If we allow it to proceed, are we not holding future generations to ransom to fuel our own greed? Like it or not, society does have a collective responsibility and moral obligation to those who will follow us.

To many, the pros and cons of the nuclear question may be distant and unfathomable. However, none the less, they are serious matters which require sober consideration by all in our society.

# Seniors want action

- by John Eakins, M.P.P. -

I appreciate the frustration of many senior citizens who are upset and angry about long delays in receiving property tax grants.

Apparently the Ministry of Revenue has paid out more than \$1.3 million in such grants to people who are ineligible to receive them. The overpayments in the first year of the program were sent due to a variety of computer errors, human mistakes and lack of program co-ordination.

Moreover, many senior citizens are complaining that it is almost impossible to get through on the telephone number published for enquiries, and many have suggested that several more lines or phone numbers are urgently needed.

Members of all parties, stressing the number of problems in this connection which have come to their attention, have said that senior citizens are calling for more than platitudes. "They want to get some action."

### Liquor Licence Board

The Minister of Consumer and Commercial Affairs has told the Legislature that the Provincial Auditor was asked in the summer of 1980 to review the operations of the Liquor Licence Board of

Ontario because the government felt "some matters had gone awry". It now appears that a consulting firm was hired by a senior official of the Board (whose wife worked for the firm), was paid thousands

of dollars for work that, it seems, has never been done. LLBO ordered "questionable" hospitality for people doing regular business with the Board.

### Day care facilities

According to the Minister of Revenue, there's nothing new or unfair about the Ontario Government's policy of taxing non-profit day-care centres using vacant school space. On the other hand, David Peterson, Liberal MPP for London Centre, maintains that it is ridiculous for the province to exempt municipal day care centres from property tax and not non-profit day-care centres subsidized by the municipality. He said that municipal taxes for one day-care centre

could cost as much as \$125 a child each year.

The Minister says: "It is the responsibility of the assessment department...to assess all properties of that nature. The fact that they are in a school building is not relevant to the situation. When his Ministry doesn't tax such operations for their use of school property, the province gets complaints from municipalities. He pointed out that the municipalities, not the province, benefit from such taxes. "I think we have to recognize that over the next number of years, there will be more and more school space which will be put to other uses", he added. "It is quite proper that we (tax) it". I would be pleased to have any comments from the public.

# The Constitution passes

- by Bill Scott, M.P. -

The federal government's controversial constitution motion finally came to a vote in the House of Commons, after fourteen months of bitter debate in the Commons, and countless federal / provincial conferences.

The Conservative Opposition in the House of Commons was opposed to the government resolution right from the start, but we were placed in a very difficult position due to the fact that

the Liberals have a majority in the House and could push it through whenever it came to a vote.

Our position was that the British North America Act has served us well for 114 years, and that the house should have been devoting its time and efforts to solving the country's economic problems.

When the Prime Minister refused our request to set aside the constitution motion for awhile and deal with such things as high interest rates,

inflation and unemployment, the Conservative Opposition then decided to hold off a vote on the bill as long as possible.

There were so many flaws and shortcomings in the original proposal that we felt that we should deal with it clause by clause, and attempt to get the House to adopt a series of amendments that we proposed.

Most of our amendments were adopted, and so while it still falls short of being an acceptable substitute for the old Constitution, it is a far better document than the one tabled by the government in 1980.

Of the 282 Members of the House of Commons, 270 were in the House for the final vote. It passed by a margin of 246 to 24.

Of those who voted against the bill, 17 were from the Conservative Caucus, five were from the Liberal Caucus and two were from the New Democratic Caucus.

More Canadians are relieved that the Constitution debate is finally over, and it is hoped that the government will now turn its attentions, and the attentions of Parliament, to the very serious question of the national economy.

It is imperative that we

tackle finance minister MacEachen's disastrous budget as soon as possible, and force the government to reverse or modify many of its most damaging provisions.

Statistics Canada reported recently that the Canadian economy is at its worst level in thirty years, with economic growth virtually at a standstill. We know already that small businesses and farms are failing in Canada today at a greater rate than at any time since the Great Depression.

MacEachen's budget has removed practically all incentive to capital investment in Canadian industries and businesses, resulting in massive layoffs of workers in some of our largest and oldest established industries. Among those already affected are the automotive industry and the agricultural machinery industry.

We simply have to put the brakes on the frequent and massive increases in the cost of gasoline. Elected on a promise to keep gasoline price increases below the 18 cents per gallon proposed by the Conservatives, the price per gallon has increased by 71 cents in Ontario already this year, and has virtually doubled since the Liberals regained power in 1980.

by Ron Reid of the Federation of Ontario Naturalists

Residents of Bruce County got their Christmas treat a bit early this year, with the announcement that a new national park is being considered for the tip of the Bruce Peninsula. According to Parks Canada, this rugged limestone peninsula which thrusts between the waters of Lake Huron and Georgian Bay offers the best chance for a major new Canadian park in southern Ontario.

Federal Environment Minister John Roberts has called for public comment on the feasibility and layout of a proposed park as the first step. Generally, the news has been welcomed by local officials, who see the possibility of new jobs and an expanded tourism base.

It certainly has been welcomed by naturalists, who flock to the Bruce for both the scenery and the wildflowers. Years ago, Professor Sherwood Fox called the Bruce "a garden northwards" because of the abundance of orchids, gentians, ferns, and other rare plants which flourish there. Were he still alive, I'm sure Professor Fox would be smiling about his garden now.

The park will not come about instantly, of course, nor

without debate. Depending on its extent, only about one-half to one-third of the needed land is now in government hands.

The future of traditional uses such as pole cutting and deer hunting will have to be resolved. The province's role at the existing Cyprus Lake and Fathom Five Provincial Parks must be reconciled. Parks Canada plans a consultation program with special emphasis on local residents until next August to discuss these questions.

The Federation of Ontario Naturalists had been pushing for creation of such a park for years, and we are naturally quick to praise Parks Canada. But we also recognize the hidden role of Alan Pope, the provincial Minister of Natural Resources, whose support and permission was needed to get the idea off the ground.

There are at least two other proposals now under quiet discussion for national parks in northern Ontario, which we hope Mr. Pope will view equally sympathetically. In the meantime, both he and Mr. Roberts deserve our support for working towards the establishment of the Bruce Peninsula National Park.

## Coming up

Thursday, December 17: The music department of H.H.S.S. will present a Christmas Concert at 8 p.m. at the High School. Tickets \$1 for adults, children under 12, free.

Saturday, December 19: Free movies for children in the Library/Cultural Centre from 2 - 3 p.m.

Saturday, December 19: Minden Minor Hockey 50-50 draw will take place at the Midget game. Get your tickets now.

Wednesdays: Minden Slender Seekers Branch of Canadian Calorie Counters meet from 6:30 - 8:00 p.m. at the Minden Firehall.

# Fall fair to be two weeks later

The Haliburton County Fair will take place later in the month of August than is had in the last two years. That was one of the major decisions to come out of the annual meeting of the Minden Agricultural Society held on December 9.

The sponsoring organization has moved the fair dates back two weeks and in 1982 the event will be held on August 21-22. Several years ago the fair dates were moved ahead to early August partly to take advantage of the greater number of summer visitors in the area at the time and because the weather tended to be more favourable.

However, the earlier dates

caused some problems for participants wishing to enter vegetables and flowers in the fair competition. As well, the early August date placed the annual fair at the end of a series of carnivals in Minden, Haliburton and other communities in the county.

One problem noted at the Wednesday meeting for the later date was that the fair will be in direct competition for spectators and participants with the Canadian National Exhibition in Toronto. Concern was expressed that some horse competitions would have to be changed or dropped altogether if the Toronto exhibition draws all the competition.

The members in attendance also elected a board of directors for the coming year. The directors will select an executive at a meeting planned for early January. 1981 president, Jerry Pillsworth indicated he would not serve as head of the organization for another term.

Elected to the board of directors were, Wayne Cox,

Dwayne Wruth, Loretta Nesbitt, Ruth Ann Kernohan, Leone Skead, Marg Kernohan, Marg Miller, Mary Cox, Bill Duncan, Helen Johnson, George Elliott, Bea Taylor, Mervin Gilbert, Mary Jane Irwin, Ray Welch, Bernie Trepanier, Cora Hewitt and

Jerry Pillsworth. Other members could be named to the executive at a later date.

# Tenders considered

Tenders for the maintenance of the municipal landfill site on the Scotch Line Road will be considered at the next meeting of the Anson, Hindon and Minden Township council. Three bids for the work were opened at the December 9 meeting.

Bids were received from Art Austen at \$19,450; Bill Simmerson \$19,900 and Tom Prentice \$25,000.

The council decided to leave the tenders to the next meeting to ensure that all three bidders were aware of the insurance requirements which are part of the responsi-

bility of the successful bidder.

As well, the council deferred the consideration of tenders from two oil suppliers for the coming year. Sid Stamp Fuels had bid .364 per litre of gasoline; .254 per litre of furnace oil; and .286 (plus provincial sales tax) per litre of diesel fuel. Bids from John Francis Fuels for the same items were received at .29 per litre for gasoline; .235 per litre for furnace oil and .2745 per litre for diesel fuel.

The council also agreed to set the per visit rate of the Victorian Order of Nurses at \$21 for 1982.

## Mainstream Canada

### United against budget

By W. Roger Worth

The Canadian Chamber of Commerce is against it. The Canadian Manufacturers Association is upset. The housebuilders and insurers are irritated. The unions are complaining. And the 63,000 members of the Canadian Federation of Independent Business are so angry the organization is spending \$250,000 to have it changed.

The "it" in question, that is rapidly bringing together so many separate groups of Canadians in all walks of life, is the federal budget. Its effects are already creating havoc in the business community, ensuring that even more people will be jobless in what is bound to be a winter of discontent.

Why is all this happening? How is it that even good Liberal Party supporters and fund raisers are openly berating Finance Minister Allan MacEachen and the mandarins who developed the document?

The answer does not lie in any one of the 163 technical and complicated tax changes, many of them supposedly designed to close so-called loopholes and create a more equitable system.

Instead, it's the overall impact of the tax reform measures that militate against risk-taking, investment, entrepreneurship, job creation, and even the family operations that have been so crucial in

the building of a nation.

Family businesses, including farms, fishing operations, independent retail outlets, and manufacturing plants, for example, cannot be passed from one generation to the next unless exorbitant taxes are paid.

This measure alone will cost entrepreneurs millions of dollars and ensure tough retirement years for the hard-working people who produce our food, and those who built businesses that employ millions of Canadians.

The government has also decided to take a whack at the employee-employer relationship. Bosses will now find it extremely difficult to make short term loans of even a few hundred dollars to help workers through difficult periods. Records of such loans will now have to be maintained, with interest and tax charged on the transaction.

MacEachen and his cohorts should go back to the drawing board. Tax reforms that take away incentive, and downgrade the middle class, the family unit, and healthy employer-employee relationships, are massive overkill.

When a group of mandarins can attempt to change a centuries old value system in one budget, the time has come to complain, as so many Canadians are now doing.

## FROM THE CHAMBER

By Bob Stinson

Following last week's announcement of the establishment of a tourist and convention bureau those that have expressed concern felt that we were creating possibly another piece of bureaucracy that would increase our administration costs. Certainly, over the long term, we cannot say for sure what the effect may be, but at the present, the change does not affect the total administrative costs at all. The staff and office facilities remain the same but the duties and responsibilities will be better defined and allocated to some degree to one activity or the other.

During the present year the board will attempt to estimate the membership's support for either the Chamber as a whole or the tourist and convention bureau and budget our time and resources accordingly. If, when the membership fees are submitted, they differ significantly from the forecast, interim adjustments would be made in the implementation of the marketing plans. By the second year the wishes of the membership should be even easier to forecast and adjust to.

Looking over the Chamber's present membership list it would appear the interest would lie very heavily towards tourism promotion and it is expected that the bulk of the membership revenue will be directed to that end. On the other hand, many potential members have not participated in the past because of the priority given to tourist promotion. With this new approach, it is hoped they will be anxious to support an organization dedicated to their concerns. If both divisions get the type of support in the future that they should, it could, in time, mean that the administration would need to be expanded, but only because much more was being accomplished.

### Peterborough task force reports

Almost a year ago the City of Peterborough and the County of Peterborough established a task force to study how best to promote the tourist and convention business in their region. About the same time the County of Victoria set up a committee to do likewise. The year of indecision while these task forces studied, probed, and made unofficial comments has taken a heavy toll. The manager of the Peterborough Chamber of Commerce resigned, followed by the manager of the Chamber-operated tourist and convention bureau. The Kawartha Tourist Association, which already was operating with some difficulty, was further weakened. The Chamber there is currently operating with one of its past-presidents

acting as part-time manager.

The Victoria Committee has yet to be heard from, but the Peterborough task force released its findings and recommendations last week. Briefly what it has recommended is that a Peterborough and District (covering Peterborough County) tourist and convention bureau be established to be jointly funded by the city and county with representation from each along with "appointments" from the private sector administering it. They suggest hiring a general manager plus

a manager for each of the divisions. This organization will, it is anticipated take the place of the Kawartha Tourist Association and certainly diminish the role of the Peterborough Chamber in the tourism sector. The Kawartha Tourist Association also represents Victoria County so what role may be left for them is open to much speculation.

It is unfortunate that, because of the manner in which this concern has been approached, there are some very worthwhile efforts that may suffer in a transition period. On the other hand it is significant that the municipal bodies there now recognize that tourism in their regions has not been addressed with enough unified force and an adequate budget. If the

recommendations of this Task Force are put into effect, our neighbours to the south will certainly be heard from - and we can't help but benefit from that if we are prepared to tap in on it.

### C.O.T.A. co-op advertising

Two weeks ago the Central Ontario Travel Association

mailed an invitation to our members to participate in a co-op newspaper advertising

program in the Toronto Sun and the Oshawa Times. They have now come up with an

even better deal in the Sun and have sent a follow-up letter in this regard. All ads

will appear under a C.O.T.A. heading for "Winter Week Ends in Central Ontario".

This program is similar to an ongoing co-op campaign that C.O.T.A. is considering as part of their marketing plan in the coming year which includes a subsidy of part of

the actual cost to the advertisers. The program is open to all businesses who are members of C.O.T.A. either through direct participation or through their membership in our Chamber.

A number of organizations received appreciation plaques from Snowarama organizer Lionel Walker, left, at the Monday night meeting of the Minden Rotary Club. Ivana Coppo accepted the award for Gulf Oil, while Tom Prentice was thanked for the backing of the county snowmobile association. Gilles Connelly, Imperial Oil representative in Haliburton, also received a plaque. The two oil companies donate gasoline for the annual fund raising event.

## COTA upset over lack of financial support from Ontario government

The Central Ontario Travel Association, the umbrella group which covers six tourist associations in this part of the province, is up in arms over the province's lack of financial support for their efforts.

In a press release issued last week, the association pointed out grant support from the province has not changed since 1975. None of the other 11 similar associations in the province have received grant increases either.

According to the province, support for area promotional efforts should be coming from the private sector or from the municipal governments within the area served by the association. President of COTA, Bill Smith, disagrees with the province's stand.

"This is pretty hard to take," said Bill Smith, COTA president. "The Ministry has had regular increases in its budget since 1975 yet has refused to transfer any of the increases to the travel association. We know that we are drawing tourists to the Province and to the travel area. But how can this association possibly develop more sophisticated marketing

## Home defeats Hartwick

Two close games were played Monday evening in the Minden Men's Recreational Hockey League.

In the first game Home Hardware defeated Hartwick Construction by a 9 - 7 margin. The second game saw Hall's Insurance edge the Rockcliffe Hotel 7 - 6.

Players and fans are reminded that the games for next Monday (December 21) have been cancelled. Play will resume December 28.

programs with 1975 dollars and 1981 prices. We will be going into more co-operative promotion programs with the private sector next year but most travel operators are also feeling the crunch of high prices and high interest rates," the president stated.

The Ministry's "Yours to Discover" campaign is excellent and it's working at that level, Smith noted, but travel associations base their programs on the grass roots of the industry. "It just doesn't make sense to continuously promote the province as a whole at the expense of facilities and attractions at the local level. They are the ones who generate the revenues and pay the taxes."

All associations receive

\$35,000 for administration, \$50,000 for promotion and a grant to cover salaries for summer student travel counsellors. In 1975, COTA's total budget was \$120,000. In 1981, co-operative programs with the private sector and municipalities has increased the budget by \$50,000 to \$170,000.

The twelve travel associations are expected to voice their concerns at a meeting in Toronto later this month when a new funding formula and new initiatives for the Ontario Travel Association Program (OTAP) will be announced for 1983-84.

Attending the meeting for COTA will be Bill Smith and Executive Director, Aldo Campagnola.

## Charge laid

A charge of impaired driving has been laid against a Hindon Township man following an accident Friday on Highway 35 at Ox Narrows.

Barry William Barnhart, 21, was travelling north when he lost control of his vehicle and crossed the road striking a number of guard posts. The collision caused \$1500 damage to the car and \$150 damage to the railing.

Barnhart sustained a cut lip in the mishap.

The charge was laid by investigating officer, Constable Jim Martin.

### Strikes trees

A car slid off the Sir Sam's Inn road, struck a number of trees and caused over \$6000 damage to the vehicle. The mishap occurred Saturday shortly before 1 p.m.

The driver of the car was 22 year old Wendy Michelle Fewster of Agincourt.

The investigating officer was Constable Dennis Potter.

### Weekly report

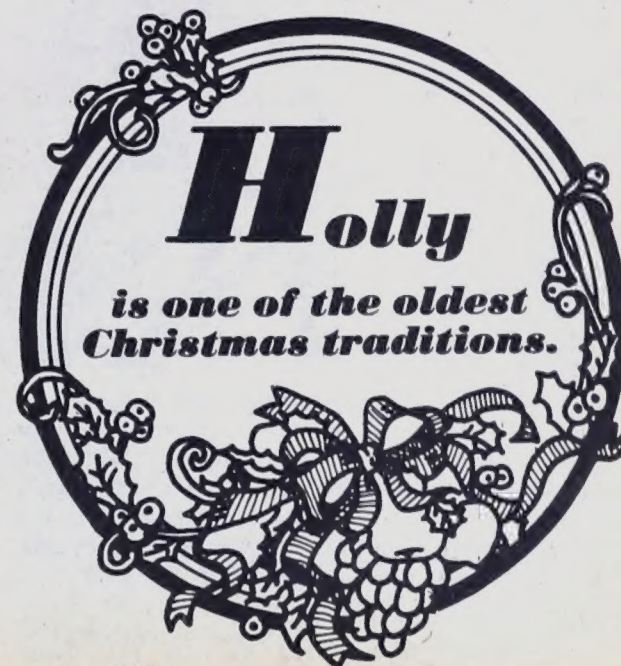

During the December 7 to 13 time period the Minden OPP investigated six motor vehicle accidents. As well they were called to investigate 56 general occurrences, five damage complaints, four lost and found occurrences, three break and enters, three thefts and three domestic disputes.

## NOTICE

The Rhodes Medical Centre will close for the holidays on Wednesday, December 23 and re-open on Monday, December 28.

Minden

Haliburton County Snowmobile Association fund raising received a boost Monday, (as president Tom Prentice indicates) after the Minden and Haliburton Rotary Clubs donated \$1000 each to the organization's trail maintenance program. The association also received \$250 from the Minden Club, the proceeds from a dance held in conjunction with Snowarama last year.

## Snow reports available

Ontario skiers will have an expanded and improved ski report service at their fingertips this winter.

The provincial Ministry of Industry and Tourism and the Ontario Ski Resorts Association (OSRA) have incorporated three new features into the telephone service which reports on OSRA member resorts. The service started November 28.

First, the reports on winter

## Misfits surge ahead

On December 8, the Misfits moved into fourth place, putting the Bloopers into fifth place in league bowling at the Carnarvon Lanes.

The other teams remained in the same spots with the Steamrollers in first, the Road Runners in second, the Troopers in third and the Dambusters in last place.

The only triple over 600 was rolled by Eva Piper with 717. Games of 200 and over were rolled by Eva Piper, 263, 213 and 241, Eleanor Young 200, Virna Wagg 255, Millie Boskett 208, Tom Hurtt 219, Nick Nimigon 235, Lloyd Boskett 211, Loretta Henderson 223, Ruby Francis 206, Gladys Wruth 236 and 203, Maud Coulter 201 and 205 and Harry Henderson 203.

Congratulations to the winners of the high-low doubles tournament, Tom Hurtt and Loretta Henderson.

sports conditions throughout Ontario will include a new rating of Very Good, in addition to those of Poor, Fair or Good given in past seasons.

The reports will also comment on surface snow conditions. And OSRA members are being required to post an official description of terms used in the reports, as well as a daily snow notice. Although the notices won't be seen by skiers until they reach a resort, they will ensure that ski operators give accurate information for the telephone service.

Recorded messages detailing conditions at all resorts will be available through the Barrie travel centre of the Ministry of Industry and Tourism 24 hours a day, seven days a week. The number to call is (416) 364-4722.

## Huskies split 2 high-scoring games

The Haliburton Huskies split a pair of games this past weekend, both high-scoring matches. In the first, the Huskies dropped a 13-10 game in Bracebridge against the Bears and Saturday evening defeated the Midland Centennials 12-5.

The Friday night contest was described by one team official as a goaltender's nightmare. With a total of 23 goals being scored in sixty minutes, it is easy to understand why the two netminders might have been somewhat shell-shocked.

In the opening stanza, Bracebridge scored five goals while the Huskies picked up three. One came from the stick of Shaun Chapman with Corey Walker assisting, while the other two went to Tim Davies. Ron Yake assisted on both of these with Rob Abbs getting credit on one.

The Bears managed two goals in the second period,

both coming in a power play situation. The Huskies scored five goals, one when the Bracebridge team was short-handed.

Scoring for Haliburton were: Gary Harrison with assists to Corey Walker and Scott Arbuthnot; Tim Davies with a pair, assists on the first, a power play effort, to Dave Nicholls and Duff Mitchell, and Ron Yake and Dave Nicholls on the second; Ron Yake scored from Scott Arbuthnot; and Dave Nicholls connected on a pass from Yake and Mitchell.

The Bears pulled into the lead in the final period scoring six times to outdistance the Huskies. Two of the goals were power play markers.

Ron Yake scored on a pass from Dave Nicholls while Tim Davies scored his fifth of the game. The assist went to Yake.

The high scoring continued Saturday night, but this time

the edge was in the Huskies' favour. The game started in a subdued manner with the Huskies scoring two in the first period while the Centennials managed only a single. Darren MacInnes scored for the Huskies with Gary Harrison and Kevin Shapiera picking up the assists. Tim Davies potted the second Huskies goal, Yake and Nicholls assisting.

Midland scored twice in the second period while the Huskies netted three. Yake again from Nicholls and Scott Arbuthnot; Darren MacInnes from Harrison and Shapiera; and Yake again on a power play from Nicholls and Davies.

Two more goals for the

Centennials rounded out the scoring for the visitors in the third period. However, the Huskies exploded with seven goals to secure the win.

Dave Nicholls led the attack for the Huskies in the final period scoring three goals, one unassisted. Also scoring were Corey Walker with a pair, one unassisted; Rob Abbs with a pair. Assists were awarded to Davies with a pair, Don Manary, Darren MacInnes, Kevin Shapiera, Brian Lloyd, Duff Mitchell and Ron Yake.

The Huskies have scored 48 goals in their last four games.

The team travels to Oro this Friday and entertains Gravenhurst Sunday afternoon. Game time is 2:30.

## Shooters elect exec.

A new executive has been elected for the Haliburton County Marksmen Club. The elections were held at the group's annual meeting held on Sunday.

Doug Tedford will serve as the organization's president for the coming year. Assisting him will be vice president Ron MacKenzie, secretary-treasurer Jeff Lodenquai, rifle captain Brian Anderson, handgun captain Steve Bodmore, and shotgun captain Peter Anderson.

Attendance at the turkey shoots and the club events during the past season was down. Several methods of attracting more shooters were discussed by the members with the decision being taken to make a greater effort to encourage more participants during the coming year.

The hunter safety course run by the club through Sir Sandford Fleming College, was a success again this year. Many area hunters took advantage of the classes to upgrade their gun handling practices.

Trophies, based on points

accumulated during the year, were awarded as well at the meeting. The following prizes were presented: rimfire rifle - Peter Anderson; centrefire rifle - Ulee Toutant; rimfire handgun - Jeff Lodenquai; centrefire handgun - Jeff Lodenquai; trap -- Peter Anderson.

As always, the association is looking for new members. Anyone interested in finding out more about the Haliburton County Marksmen Club can call 286-2001 or write the group at Box 89, Minden.

# PUCK TALK

The Haliburton Bantam team captured the Floyd Hie memorial trophy Saturday as they claimed the championship in a one day tournament sponsored by Minden Minor Hockey. Shirley and Carl Hie presented the champions with the hardware following their 7-1 win over George Street of Peterborough.

The Minden team had advanced to the semi-final round in the championship series, but was shut-out by George Street 3-0 and were eliminated from further play. The Minden squad won the first game of the day defeating Fenelon Falls 3-2.

The team from Lindsay took the consolation championship and the Gord Monck Trophy presented by Cameron Monk. The Lindsay win was a convincing 11-1 trouncing of the Oshawa entry. Lindsay was previously defeated by Haliburton.

Greg Newell scored two of the three Minden goals scored in the tournament. The first was unassisted while Mike Gorveatt and Mike Blake assisted on the second. Craig Burk scored the other Minden tally, with the assist being awarded to Jeff Howe.

Chris Laporte led the scoring for the Haliburton team, potting four goals in the championship contest and one in the semi-final game. Len Johnston, Dennis McKee and Mike MacNaull each scored a single goal in each of Haliburton's three games.

The following are the scores from the tournament: opening round: Minden 3 - Fenelon Falls 2; Haliburton 3 - Lindsay 2; Powassan 3 - Oshawa 0.

Consolation semi-finals: Oshawa 5 - Fenelon 4. Lindsay advanced to the final round on a bye where they defeated Oshawa 11-1.

In the championship semi-final round: George Street

(advancing on a bye) defeated Minden 3-0; Haliburton over Powassan 4-1. In the final it was Haliburton 7 - George Street 1.

## Novice

The Minden Novice squad went down to a 2-1 defeat at the hands of Fenelon Falls in a game played Thursday in that community. Robbie Ackerblade scored the only goal for Minden. It came in the third and final frame.

## Pee Wee

Minden Pee Wees suffered a 5-2 loss at the hands of Woodville Friday evening. Tom MacLeod scored the first goal of the game for Minden, connecting at the 6:50 mark of the first period. The goal was unassisted. John Wells picked up the only other Minden marker, scoring in the last minute of the second period. The assist went to Gord Wood.

Travelling to Beaverton Sunday, the Pee Wees were defeated once again, this time by an 8-4 margin. Corey Davies opened the scoring for the team in the first period with an unassisted effort. Dave Preston scored a second for Minden with the assist going to Tom MacLeod. Beaverton managed three goals in the first frame to claim the lead. In the second period, John Wells scored twice with Corey Davies assisting on the first marker and Tom MacLeod helping on the second. However, three more goals by the hosts helped to widen their lead. Two more Beaverton markers in the final frame put the game on ice.

## Midget

The Minden Midgets trounced the Lindsay team 12-1 in a game played Saturday at the Minden arena. Leading the scoring was Scott

A Minden Bantam, in the light jersey, moves in on the George Street (Peterborough) goalie during a game in the Saturday tournament. The netminder was able to hold the host team scoreless. George Street faced Haliburton in the championship final and was defeated 7-1.

Hamilton with four goals and four assists. Others adding to the 12 goal total were Jeff Stamp with three goals and three assists; Bob Edge with two goals; Andrew Shapiera with two goals and an assist; Doug Schell with a single; Robbie MacLeod with three assists and John Dillon, Wade Barry and Tim Wood with an assist each.

Closer to home, the Minden Midgets suffered an 8-6 loss in a game played Friday in Haliburton.

The Minden squad got off to a flying start scoring four goals in the first period. Rob MacLeod opened the scoring with assists going to Eldon Bull and Doug Schell; Jeff Stamp from Bob Edge on a power play; Andrew Shapiera from Scott Hamilton; and Eldon Bull from Rob MacLeod. Haliburton managed three goals before the period ended with Kelly Mitchell, Kevin Warburton and Steve Smith being the Marksmen.

In the second frame, Haliburton moved into the lead with goals by Fred Roberts and Bernie Upton. Rob MacLeod scored again for Minden with assists going to Hamilton and Bull to tie the score. However, Scott Rae regained the Haliburton lead with an unassisted effort.

Rob MacLeod again evened the score with his third goal of the evening. Bull and Edge claimed the assists. However, it was the last goal for the Minden team, Haliburton scored twice in the

final frame, both off the stick of Kelly Mitchell, to take the two goal edge.

## Juvenile

Playing in Manvers Wednesday evening, the Minden Juveniles went down to a 4-1 loss. Eldon Bull picked up the only Minden marker.

Back in Minden Friday evening, the team defeated Bobcaygeon 5-3. Craig Coneybeare picked up two goals while singles went to Dave Lennie, Glen Evans and Kevin Hamilton.

## The schedule

Thursday, December 17: 7 p.m. - Haliburton Pee Wees at Minden.

Thursday, December 17: 8 p.m. - Haliburton Bantams at Minden.

\* We also take small parties 10 - 30 people throughout the week \*  
for reservations **286-1081**  
Credit cards accepted.

## Spare the heat spoil one's innards

'Twas the night before Christmas and all through the house,  
Not a microbe was stirring not even a louse,  
When in came a turkey, followed by a ham,  
And eight little string beans all neatly home-canned.

Aboard all these goodies, as they entered the door,  
Were cocci, bacilli and germinating spores.  
The good people within who liked their food rare,  
Took not the time to cook it with care.

The turkey was teeming with *S. timbuctu*.  
The ham had perfringens, the beans clostridia too.  
And after the guests had taken their fill,  
They began to feel bilious and violently ill.

"What could it be?" asked Gourmet Ken,  
"I know, I know," cried Epidemiologist Ben,  
If the onset of symptoms is within a day,  
Consider perfringens as the culprit straight away.

Where there is fever and abdominal cramps,  
It must be *Salmonella* till the lab recants.  
If it's double you're seeing and breathing comes hard,  
Then *C. botulinum* has been unjarred.

So remember good friends when preparing Christmas dinners,  
That to spare the heat is to spoil one's innards.  
No need to dry out the turkey or shrivel the ham,  
Just cook the hell out of *Salmonella Sam*!

(From the December bulletin of the Haliburton, Kawartha,  
Pine Ridge District Health Unit)

## Farm money management - Agricultural report -

Farmers today are having serious problems with high interest rates on their operating loans.

How to keep these operating loans under control is a challenge to every farmer. Here are some suggestions you can consider.

First, really study the operating loan on your farm. What is the pattern over the year? Are there times when it is consistently high or low? What is the money you borrow used for? Is it to meet operating losses; is it to buy supplies; to meet other loan payments; or to make capital purchases?

If there is a 'hard core' portion that continues year after year, consider refinancing that amount. Try to arrange terms that suit your farm income so that portion of the loan will be paid off in a definite number of years. See if you can get a fixed interest rate for that portion.

Try to control the things that make the amount fluctuate. Or better still, improve the situation by making payments quicker. To do this, consider the timing of sales. Selling steers at 50 pounds less weight than normal may mean saving interest for 25 days. With interest at 40¢ or more per day per steer this can add up as long as you are not penalized with a lower market price. Or if you are a pork producer, can some pigs be moved out a few days earlier and still meet the minimum weight requirements?

Get your cheques you receive to the bank promptly. For example, by depositing a

\$5,000 cheque you can save \$3.01 per day in interest at a 22% rate.

Similarly, pay your accounts on time to avoid paying penalties, but don't pay them until the due date.

Sell unproductive assets and use the money to reduce your operating loan. It may no longer be true that an older machine or unproductive land, or some livestock no longer "owes us anything" simply because it has been paid for. One caution - look at the tax consequences of the sale and realize that the net returns after tax is what is really available for reducing the demand loan.

## Kinette Korner

The Kinette Club of Minden held their fourth meeting of the Kin year at the Wagon Wheel with the theme of the meeting being our Christmas party with our Kinsmen and guests.

Albert and Dora Foster and their staff provided us

with an excellent turkey dinner with all the trimmings. Following dinner we adjourned to the rec room and Santa gave out our Secret Pal gifts. We enjoyed a night of fellowship and entertainment including the Newly Wed game and the Squirrel.

The Kinette Club's next involvement in community service will be helping our Kinsmen with Winter Carnival the last weekend in January. This is a big project for a Kinsmen Club our size and all of our members in the auxilliary clubs are needed to make it a success. The past few years it has been growing

and much effort is being put into the Carnival to make it bigger and better.

The Kinette's biggest upcoming event is the annual Valentines dance, so don't forget to make a date with your sweetheart.

Sincere sympathy goes to the family and friends of the late Mrs. Russell Robertson whose funeral was since last week.

Cathy Hummell, Irene Thurston and Lisa Davies were at Haliburton Rail's End Gallery during the Craft Sale and presented new songs composed by Cathy.

The community sends good wishes to these people who may still be in hospital, Mrs. Wm. Cox, Reta Hodgkinson, Al Hodgins, Nell Anderson, Arnold Gartshore, Fred Cooper and Elmer and Roy Crawford.

Carol and Bev Emmerson are spending a few days in Toronto.

The Al Brydsons of Bracebridge helped Mrs. Ben Harrison celebrate her birthday over the weekend.

Thanks to Coneybeares and everyone concerned with the Bake Sale on Saturday at their shop, which was a great success.

Joyce and Blake Hughes and girls of Mississauga visited over the weekend with Mr. and Mrs. Bob Hughes.

At the weekly Mini Card Party at St. Paul's Parish Hall last Thursday afternoon, winners were for cribbage Dora Dawson and Verna McDonald and for euchre lone hands (on a cut) Hilda Harrison and others Della Griffin and Charlotte O'Neill. If those present that day thought the hall was cold, it was because the heat had been turned off completely for that room.

One of the primary class wrote - "I like grandma because she doesn't have a watch". When he asks her to tell him a story, she doesn't look at the time and say, "We'll have to hurry home for supper". When he goes around to see her, she doesn't say, "I'm going out in five minutes". Grandma doesn't have a watch. She has something far more precious - All the time in the world.

Librarians and Staff of Haliburton County Library had a Mini Workshop followed by a luncheon at PineStone, this was last Wednesday.

The Martha Group of U.C.W. had an enjoyable Christmas Party with exchange of gifts and special programme at Minden United Church Hall, last Wednesday, December 12th.

Now we are receiving extra mail, does anyone out there know where we may send used postage stamps?

It has been suggested that Free Adult Movies be shown at the new Library Cultural Common Room. This would be in the afternoon and likely for Seniors mostly and once or twice a month. If you would like this project to go on, call Minden Library as to a date at 286-2491.

Mary and Doug Kellett of Sutton were in the village over the weekend and visited Gladys Wruth, the Craig Kelletts and David Shuyler.

Public School classes have their art work on display at the Common Room and in

the hallway of the new Library Cultural Building and made the decorations on the tree there as well. These may be seen during Library hours

3 - 5 and also on Saturday from 3 - 5 as well.

The Free Movies to be shown this Saturday at the Library Centre, hopefully will include, The Sweater, Figgy Duff, Baron Mouse,

Christmas Cracker and either Caterpillar or Woody Woodpecker. This show will be after 2 on Saturday, December 19th so come up and see this.

When I heard that you're quitting after all these years I just felt like sitting down and shedding bitter tears.

You kept us informed what was happening each day; Now we won't be reading any more, what you had to say. I guess there comes a time when we all have to quit. I am surely not looking forward to it.

I like writing and making up rhymes  
It gives me something to put in the time.  
We wish you the best with all you hold dear,  
A Merry Christmas and very Happy New Year.

Bert Harrison

Snow is falling quite heavily right now (Monday). Drive carefully. Cheerio until next time.

## Lines from Lutterworth

by Jean Lacey

Hi! Had a bit of snow on the weekend to make it look more Christmassy. And all the specials on T.V. help get everyone in the mood for the big day, although the closest some of them to Christmas, is a carol or two.

There is going to be a concert next Sunday evening, at the Minden Gospel Church. So make plans to attend, you'll enjoy it.

The A.C.W. bake sale at Coneybeares was a great success. The premises were ideal for such an endeavour.

Jim and Mary Bacon visited with the Ken Bowrons one evening last week.

Terry Sutherland spent the weekend visiting in Shelburne and attending the Hospital dance there.

The Haliburton Libraries had their annual workshop with a Christmas lunch and get together, last Wednesday, everyone enjoyed themselves very much.

### Hint of the Week

Wrapping packages. To premeasure the length of gift wrapping paper from a large roll, wrap a string around the package first, then cut off the desired length and use it as a measuring guide. Before tying a package for mailing, wet the

string or cord with water. This method prevents the string from slipping, and when dry it will hold extra tight.

Money may not buy happiness, but it sure helps one look for it in more interesting places.

Kids Korner  
by Carl Anderson

How many miles to Babylon?  
Threescore miles and ten.  
Can I get there by candlelight?  
Yes and back again!  
If your heels are nimble and light,  
You may get there by candlelight.

What does everybody give and few take?

Advice

When is an elevator not an elevator?

When it is going down

What is so brittle that it can be broken just by naming it?

Silence

What three letters change a girl into a woman?

Age

When is a black dog not a black dog?

When he is a greyhound

Why do we all go to bed?  
Because the bed can't come to us

Bye for now. Take it easy.  
God Bless till next time.

We have an administrator whose name is Sidney Brown. His job is here at Hyland Crest but lives down in the town. He tries to keep things running smooth, let nothing go amiss, this must be really hard to do in a large place like this. But with the help of Mrs. Welch and Mrs. Hamilton, who play a vital role, they seem to keep everything under smooth control.

Rev. Burgess held the service in the chapel Sunday night. Harold Thompson read the lesson and led us in prayer. Rev. Burgess spoke on Lord teach us how to pray. Mrs. Thompson played so nice for us and I was going to say lead the singing, but I think Rev. Burgess did that. We enjoy these services.

Monday the ladies were working getting ready for their Christmas concert. Monday night we watched three real interesting movies. Tuesday morning Rev. Wicks of the Minden Gospel Church held a real nice Christmas service here. He took his text from the book of Isaiah. These who walk in darkness shall see a great light.

Our girls came to play and sing again.

Tuesday night is music night here at Hyland Crest. Payne, Deacon and Crowe

came to give us of their best. We surely like this fellow Crowe. He has got the real get up and go. They sang We've been working on the railroad, then for a change they switched and sang Home on the Range. Thanks for coming to entertain us.

Wednesday night was our Christmas Concert here at Hyland Crest and it turned out to be one of the very best. Everyone seemed to know their parts and did them all so well. The different costumes they had on, who they were it was really hard to tell.

Now they had what they called a healing machine. It surely was a scream. No matter what was wrong with you, if you went through this machine you came out completely healed and nice and clean. It worked really fine until they came to Joyce Bacon. They couldn't seem to cure whatever disease that she had taken. They tried everything, pulled out all the stops. Then they couldn't cure her because she had the fliffidy flops.

Fred Ballard played the music and we sang Christmas carols in between acts. I thought I would try and tell you some of the facts. The last but not the least was the nativity scene. Now this was something I

wish you could have seen. It was really grand now I wouldn't tell a fib. They had a real darling baby asleep in the crib. I almost forgot to tell this was put on by our nurses. They did a grand job.

I would like to thank all who did their parts so well. A special thanks to the Robertsons sisters who were the backbone of it all.

Thursday afternoon the Minden LOBA Orange ladies had a nice tea party here. Thank you ladies.

Friday morning we just received word of the passing of Mrs. Russell Robertson. Our deepest sympathy goes to the bereaved husband and family.

Friday afternoon it was sing song time once more. Our faithfuls came as they did before. Fred Ballard played so well for us. Mrs. Coburn read a couple of humorous poems for us besides singing and leading in the singing. Thank you both for coming.

Friday night the Choir from the Anglican Church in Haliburton, led by Mr. Bill Gliddon came and sang so lovely for us. It was so nice of them to come in this wintry weather. We really appreciated this. I think this takes in all the activities here this week.

Now as for myself, and my better half, we wish all who read this column through a very merry Christmas and a happy nineteen-eighty-two.

Until next time.

## PERSONAL

Congratulations and best wishes to Violet and Keith Sisson on their 55th anniversary December 16. Also happy birthday to Violet for December 20.

Simone Harrison

Christmas greetings to all. Just trust in Our Lord Jesus and you will see. What a difference it will turn out to be. I am sure it will work for you, you'll see! For He sure has worked miracles out for me. If we trust, we do not worry. If we worry we do not trust. So just trust in the Lord with all your soul and heart. Don't worry, for he is one who will never part. Then someday, you'll be able to say, The Lord is helping me, in the very same way.  
Simone Harrison

## CARD OF THANKS

We wish to thank everyone for all the cards, telephone calls, gifts, flowers and money, and all those who came to our twenty-fifth anniversary party. Special thanks to our family who made it all possible. Thanks to Ann Barker who helped Kim, Brad and Cathy to organize the party and prepare the food. Also to the Stanhope Firemen and their wives and all our friends who volunteered to tend the bar. Thanks everyone - it was a great party.  
Neil and Ev Griffin

## IN MEMORIAM

Lindsay, Bill - In loving memory of a dear husband, father and grandfather, who passed away December 16th, 1980.

Sadly missed along life's way, Quietly remembered every day, No longer in our life to share, But in our hearts he's always there -

Sadly missed by wife Florence, Ross, Sharon, Kathryn and grandchildren.

## Notice to Creditors

In the estate of **John George Straghan**, late of the Village of Mount Albert, town of East Gwillimbury, in the regional municipality of York, widower, deceased. Creditors of the above-named deceased, who died at the Town of Newmarket, in the Regional Municipality of York, on or about the 5th day of March, 1981, are hereby notified pursuant to the Trustees Act to send to the undersigned proof of their claim on or before the 15th day of January, 1982, after which date the assets of the Estate will be distributed, having regard only to the claims of which the undersigned will then have notice. DATED at Newmarket this 9th day of December, 1981. Randall Ward, Executor by his Solicitors **CAROLINE & CHRISTOPHER**, 474 Botsford Street, Newmarket, Ontario. L3Y 1T3. 12CDE

## CHRISTMAS SALE FISH HUT SPECIALS

## Why catch cold when you came to catch fish?

A Kero-Sun Moonlighter™, for instance, will keep you warm and cozy for 36 hours on 6.4 liters (1.42 gal.) of kerosene. It even has a cooking surface for heating coffee or frying up the morning's catch, plus enough light to read by when the fish aren't biting. 99.9% fuel efficiency means odorless, smokeless operation. Battery-powered ignition system and automatic

shut-off device. 7 models to choose from. Ask for a demonstration today.

**KERO-SUN**

The good news in home heating.

## METRIC SHOPPING IS COMING!

In January Canadian Government regulations require us to begin converting scales to metric.

After conversion, food weighed in our stores must be sold by kilogram weight. One kilogram equals approximately 2.2 pounds.

The retail cost of product will not change due to this conversion, so the cost per serving will stay the same.

Although some fruits and vegetables will be sold by the unit, by quantity or bunch, the price of items sold by WEIGHT will be based on the price per kilogram.

CRUSHED, SLICED OR CHUNKS  
IN IT'S OWN JUICE
